

U.S.S.N. 10/012,202  
Filed: December 5, 2001  
AMENDMENT UNDER 37 C.F.R. 1.312

### Remarks

#### Amendment to the Specification

The list of sustained-release control polymers beginning on page 10, line 9 of the specification recites the polymer hydroxypropylmethylcellulose acetate succinate twice (see page 10, lines 19-20 and line 23). The list should recite hydroxypropylmethylcellulose phthalate and hydroxypropylmethylcellulose acetate succinate. Support for the amendment can be found, for example, on page 13, lines 3-13.

Page 21, line 3 and line 12, and page 28, line 6 should recite cetirizine as the non-sedative antihistamine. Support for the amendment can be found, for example, on page 21, lines 19-21; page 22, line 4; and page 23, line 3.

#### Amendment to the Claims

Claims 26 and 29 have been amended to correct a typographical error. The list of sustained-release control polymers in claim 26 recites the polymer hydroxypropylmethylcellulose acetate succinate twice. The list should recite hydroxypropylmethylcellulose *phthalate* and hydroxypropylmethylcellulose acetate succinate. Further, the list of sustained-release polymers in claims 29 recites hydroxypropylmethyl cellulose succinate and hydroxypropylmethylcellulose acetate succinate, which one of skill in the art would recognize as being the same polymer. Claim 29 should recite hydroxypropylmethylcellulose phthalate and hydroxypropylmethylcellulose acetate succinate.
